Project Poster & Summary for GF Submission

Icebreakers, Q&A, Tech Support Day

Projects

- Project presentations must be **pre-recorded** and this recording must be submitted by the project deadline. The format in which you choose to present your project is up to you, e.g. a short film, a play, a recording of the students presenting slides. These recordings must be a **maximum of 10 minutes**.

- You and your students must be present for the project presentation slot in which your pre-recorded presentation will be in as after it is shown, there will be a **10 minute Q&A session** where fellow participants can ask questions about your project.

- We will give you a choice of 3 timeslots for the project presentations in advance to choose from.

- Students must also:

1. Write a **project summary for Global Forum** (200-250 words & 2-3 photos) which should be submitted by 14 June

2. Create a **poster** about their project, which will be posted as a virtual poster exhibition on the CEI Alumni website in advance of the conference. An outline of the format for this can be found on the website in the Project Presentations part of the Forum
